e-Tech Solutions — A Managed Services Program Provided By ASG Information Technologies

Network Peace of Mind

Minimized downtime — it's that simple! For a fixed monthly cost **ASG Information Technologies** will work with you to understand your business availability needs and budget concerns. We will run a baseline assessment of your existing infrastructure to understand any potential weaknesses. Then we will custom tailor a service level agreement that defines your expectations and needs. Then we'll deliver on it. It's that simple.

Services Provided:

- Availability monitoring
- Performance and Predictive failure monitoring
- Baseline period to evaluate infrastructure capability
- Proactive remote maintenance
- Unlimited on-site and remote support

An IT Partner *not* Provider

Your time is precious. You have more important issues to deal with than your network. It is, however, a critical enabler to your business and in need of attention to ensure it's running at optimal capacity. So what do you do? **ASG Information Technologies' e-Tech Solutions** is the ideal solution for organizations like yours, which demand the utmost in network reliance and quality service. Backed by a Service Level Agreement, **ASG Information Technologies' e-Tech Solutions** addresses your IT needs by:

- Maximized network availability
- Providing predictable IT spending costs
- Providing the highest priority response for network issues
